IQAC makes it a tradition to mandatorily collect feedback from stakeholders- students, teachers, alumni and employers. This is done by the IQAC committee. It collects and analyses the feedbacks from different stakeholders and submits action taken report to the appropriate bodies.

Objective:

The objective of this exercise is to gauge the impact of all the efforts of the institution on the various stakeholders. The institution intends to enhance its benefits to reach all the stakeholders. This feedback is collected and analysed through statistical tools. Based on the opinions of the stakeholders, further action is taken by the IQAC committee.

Methodology:

The Feedback on curriculum is collected from students by circulating the Feedback Forms. It is collected by the IQAC and will be submitted to feedback committee to deliberate on various suggestions made by the stake holders. The feedback committee holds meeting at the end of the academic year to discuss on the various suggestions and prepares action taken report. The action taken report will be circulated among the staff members through the IQAC.

Analysis: The data is compiled and analysed through statistical tools. It is given for deliberation to the Head of the Institution. Action Taken Report is prepared for the next academic year. Department level meetings are also held to execute and implement the action plan.
