"History of English Language : Introduction -Part-II"

And

4. Introducing "The Communicative English" as a Mandatory paper for B.A./ B.S./B.C.A. in the V semester and for B.C.om. in the VI Semester as the CBCS guidelines.

5. Introducing " Fundamentals of Linguistics: Introduction- Part-I" and Fundamentals of Linguistics : Introduction- Part-II" as titles of Elective Papers for the V and VI Semester B.A. Optional English Paper -VI and Paper-VIII from the Academic Year 2017-2018, as per CBCS guidelines.

Prof. Adkoli Bharati Narayan presented the copies of the proposed and the present prescribed syllabus for the kind reference and for the approval of the members of the BOS.

Addressing the members of the BOS, **Prof. Adkoli Bharati Narayan** explained that the objective of the meeting would be to take the approval of the BOS for the proposed titles of the Mandatory Paper and the Elective Paper along with the respective Evaluation Paper Pattern. **Prof. Adkoli Bharati Narayan**, The Chair person, BOS, further clarified that there would be no change in the I, II, III, and IV Semester General English across streams (along with the Evaluation Pattern) but the suggestions / recommendations from the BOS regarding the moderate changes could be incorporated. The Chair person further clarified that even the same Syllabi would be studied (with moderate changes) by the I, II, III, IV, V and VI Semester Optional English students.(along with the same Evaluation Pattern) during the

Academic Year 2017-18 and 2018-19, in concurrence with the members of the BOS.

All the members of the BOS actively participated in the discussion related to the proposed and prescribed Syllabus. **Dr. Chitra Panikkar**, a University Nominee, drew the attention of the members to the advantages of introducing an Elective Paper. She opined that usually an ideal crowd would offer elective paper which would develop a cordial bonding between the teachers and the students. As for as "Linguistics" as an Elective paper is concerned, it is a scoring subject, though it is likely to make a dry subject for the students. At this point, one of the members of the BOS, **Prof. Yasmeen** suggested that the Elective Paper "LINGUISTICS" itself could be given as a Mandatory Paper, but **Dr. Chitra Panikkar** expressed her view that students should be given a choice between the two titles - "European and Non-European" and "Linguistics". **Prof. Sahana** had a question about the Evaluation pattern of the Elective Paper which was clarified by **Prof. Adkoli Bharati Narayan and Smt. Mangala B. R.**, the Industrial Representative of the BOS, The NCJ, 2017-18 explained the expectations of the Job market about the competence of the students in communication skills. She further expressed her concern that a large number of students should be motivated to pursue studies in Communicative English and Linguistics as it would help them to full fill the requirement of the industry. She further urged the BOS to design the Syllabi of the English Language and Literature with the objective of the Syllabi so that the learners would be convinced of the relevance and the usefulness of pursuing the course in the present context. **Dr. Chitra Panikkar**, also voiced the same opinion. Apart from this, both **Smt. Mangala** and **Dr. Chitra Panikkar** highlighted what is lacking in the Curriculum of our times and expressed their concern about the same it was duly noted by **Prof. Adkoli Bharati Narayan**.

As the discussion progressed, **Dr. Chitra Panikkar** pointed out that introducing Communicative English as a Mandatory paper, would help outgoing students. But it would have really trained the fresher's if they were introduced to Communicative English. In a span of three years they would be able to get themselves acquainted with the basic communication skills.

Prof. Adkoli Bharati Narayan duly noted down the suggestions. The Members of the BOS approved the following Question paper pattern for "The Communicative English"

Mandatory paper — 50 marks.

Theory — (Written) — 20 marks.

Practical — (Oral) — 15 marks.

Internal Assessment(IA): 15 marks

- I Test
- Assignment (Presentation)
- Attendance.

While discussing the present prescribed syllabus and proposed syllabus, the BOS gave a couple of suggestions about making moderate changes. At this point **Dr. Chitra Panikkar** opined that it would be better for the Department only to conduct meetings while changing syllabus. Teachers should take initiative to contribute towards designing the syllabus as they would be aware of the standard of the students.

Prof. ADKOLI BHARATI NARAYAN summed up resolutions regarding the approval of the BOS of Elective Paper (Fundamentals of Linguistics – part-I and part -II) and Mandatory paper. (The Communicative English for V and VI Semester BA/BSc/BCA and BCom respectively.)

She also made it clear that in the case The Communicative English paper would not be introduced for the streams V and VI Semester, it would be introduced with different titles as "Add on Course on Communicative English" or "An effective English Speaking Course". It was agreed to upon by all the members of the BOS.

Prof. Adkoli Bharati Narayan extended vote of thanks at the end of the meeting.

Kulkarni, former HOD of English, the National College , Autonomous, Basavanagudi, Bangalore-04.

e) to retain the Optional English Syllabus of I/II/III/IV/V/VI Semesters for the academic year 2019-2020.

As the members of the BOS were going through the list of Proposals for approval, Prof. Bharati N. Adkoli, explained through elaboration about the General English New Syllabus, being introduced at the Undergraduate level for the New Programs from the academic year-2019-20. She further highlighted that the New Syllabus focuses on the objectives in order to prepare the learners, to meet the requirements of the Industry. Prof. Bharati further added that the New Syllabus aims at developing Skills in Communicative English (Spoken and Written), Functional English and literary component has been eliminated. All the external members of the BOS approved the title proposed to the New Programs and appreciated the aptness of the title. Speaking about the Evaluation Pattern/Scheme, Prof. Bharati, clarified that the New Programs too will have the CBCS Evaluation Pattern/Scheme as-Theory-40 marks+ Practical -30 marks and Internal Assessment -30 marks for all the four Semesters. All the external members of the BOS were convinced of the logic in introducing Functional English and opined that the Syllabus prescribed will familiarize the students with the technical aspects of the language that will enable them to acquire proficiency in professional communication. Dr.Chitra Panikkar asked if the study material is being supplied to the learners. To which, Prof. Bharati, the Chair person, replied that a list of books has been appended along with the Syllabus Copy for the reference of the teachers and the learners and the respective, required Course material/ the sources are available in the library. Dr. Chitra Panikkar suggested to have consolidated 'Course objectives and separate individual 'Outcomes' for all the four semesters. Prof. Bharati agreed to incorporate the given suggestion. Dr. Chitra Panikkar again asked ' If the Department has any Language Lab, Prof. Bharati gave the details that the Language Lab, established in 2010-2011, is being upgraded with an advanced software suitable to meet the requirements of the syllabus and the students.

During the discussion at some point, Prof. S.Z. Yasmeeen raised a question for clarification why Communicative English, is being introduced as a Mandatory Paper in the III & IV semester as these students will have this paper in V & VI semesters. In response to Prof. Yasmeeen's question, Prof. Bharati said that following the CBCS and the autonomous guidelines, 'Communicative English' was introduced as a mandatory paper for the outgoing students across the streams, as per the UGC guidelines, all the courses shall comprise of the papers related to the respective core subjects in the last two semesters and 'Communicative English' should be given as a mandatory paper for I-IV semesters across streams. Prof. Bharati summed up that, in concurrence with the BOS 'Communicative

English' will be a part of the curriculum as a mandatory paper for III & V semester B. Com. in the Odd Semester and for IV&VI Semesters in the Even Semester respectively during the academic year 2019-2020. The proposal in this regard made by Prof. ABN was approved by the external members of the BOS. Prof. Yasmeen further asked if III & IV semester students study common General English Texts across streams, to which Prof. Bharati said that in cocurrence with the BOS, Department of English has resolved to retain the same Syllabus as before for the academic year 2019-20.

At this point, Prof. Sahana K. N. HOD of English, Vijaya Composite P.U. College, Jayanagar, Bangalore-11, asked about the strength for Optional English subject and Prof. ABN said, "It is ideal, though it is relatively lesser than that of General English and only those students with passion/aptitude for literatue will opt for it." Then, Prof Mangala B. U. an Industrial representative on the BOS asked for the Optional English Syllabus of all semesters and she wanted to know if any changes are made in the current academic year, a copy of the Optional English Syllabus of all semesters was passed on to her and Prof. ABN said that for the academic year-2019-20 no changes have been made as in 2018-19 itself required additions and omissions are done. Smt. Mangala B.U. showed interest to know about the methodologies to teach prescribed drama texts to the learners from diverse backgrounds. Reacting to her queries related to the methodology, Prof. Vijayalakshmi and Prof. S. Varalakshmi explained that diverse strategies and methodologies would be adopted in keeping with the requirements of the learners. They added that sometimes there would be a need to use local language to teach the English Language. Incidentally, Smt. Mangala made a remark in the light of her experienced observation about the need to acquire flawless command over the English Language to make a mark in the most competitive world of Industry. Dr. Chitra Panikkar also shared her experience and observation about the attitude of the students in the classroom at the PG level and expressed her regret about the indifference and lack of interest on the part of the students for reading and writing. All the members of the BOS voiced the same opinion with regret about the changing trend towards reading and writing and attributed it to the diversion caused by the advent of the influence of Technology.

In the concluding part of the BOS Meeting, Prof. Bharati requested the esteemed external members for their suggestions and recommendations regarding the releivant changes to be made in General English and Optional English Syllabus. Dr. Chitra Panikkar proposed that Basic Phonetics could be introduced and along with the History of the English Language, 'Shaping and Building Words'-Etymology could be added in Optional English Syllabus. Prof. Bharati expressed her gratitude to Dr. Chitra Panikkar and all the members of the BOS for having made the Annual Meeting of the BOS very meaningful and interesting with their gracious presence, by contributing their valuable suggestions and agreed to incorporate the recommended suggestions/additions at the time of revising and restructuring the syllabus in the respective Optional English Syllabus.
