DEPARTMENT OF ELECTRONICS

State Level

“NANOELECTRONICS SYMPOSIUM”

HELD ON 15TH March 2019

The department of Electronics, The National College, Autonomous, Jayanagar, Bengaluru, Karnataka, in association with B V Jagadeesh Science Centre Bengaluru organized a One -day Symposium on “**Nanoelectronics**” on 15th March 2019.

Prof. Vasudev Kalkunte Aatre former DG, DRDO and former scientific advisor to defence minister, GOI , **Prof. Hardik J Pandya** Dept. of Electronics System Engineering (DESE),IISc and **Prof. Akshya Naik**, Center for Nanoscience and Engineering ,IISc were the resource persons The Symposium received an enormous response. It was well recognized through the registration of 81 participants (12 participants were **Faculty from Colleges** and rest of them were **PG** and **UG** students of various Colleges of the state)

The Symposium gave a much needed exposure of recent advances in the field of Nanoelectronics. Rapid development of novel Nanomaterials, designs, architecture and devices are playing a key role in everyday life to students and faculties of undergraduate colleges of the state.
