Department of Electronics

UGC Sponsored Two-Day State Level Workshop On

MEMS and BIOSENSORS

Held on 3rd to 4th of September 2019

The department of Electronics, The National College Jayanagar, Autonomous, Bengaluru, Karnataka, organized a UGC Sponsored Two-day State level workshop on “**MEMS and BIOSENSORS**” on 3rd to 4th of September 2019. **Dr. Hardik J Pandya, Assitant Professor, Department of Electronics Systems Engineering (DESE),IISC Bengaluru, Mr Uttam Paul, Senior Research Scholar DESE,IISc Bengaluru and Mr.V. S. N Sitaramaguta V, Senior Research Scholar, DESE, IISc Bengaluru** were the resource persons. The workshop received an enormous response from **Faculty members, PG and UG** students of various colleges of the State.

The importance of exposure to recent advances in the field of Bio medical electronics cannot be over stated. Rapid development of Bio medical sensors, designs, devices will play a key role in everyday life. In the workshop hands-on training was provided and equipped the students and teachers of this generation with the knowledge of new developments, essential techniques in design of MEMS and Bio Sensors.
