Internship Certificate

This is to certify that **Mumtaz Rahmani** has completed an internship with us in the data science department from 1st April 2022 to 22nd August 2022.

During this time, Mumtaz showed great promise as a data scientist and contributed significantly to our team. I am pleased to state that she worked diligently on all the projects assigned to her and completed them on time.

Mumtaz is a great team player and was always willing to lend a helping hand to her colleagues. She displayed great inquisitiveness and was always willing to take on new tasks. Overall, it was a pleasure to have Mumtaz on our team and I would highly recommend her for any future opportunities.

Sincerely,

Aditya Chhabra
