Internship Certificate

To whom it may concern

This is to certify that **Rohit BC** has completed an internship with us in the data science department from 23rd March 2023 to 31st July 2023.

Throughout his tenure, Rohit showcased an exceptional ability to grasp and apply new technologies rapidly. His intrinsic motivation was evident in the manner he sought out and immersed himself in cutting-edge data science tools and methodologies. This drive was further exemplified by his proactive approach to initiating and completing projects with minimal supervision. Whether it was in a collaborative setting or an individual project, Rohit demonstrated commitment, creativity, and an exemplary level of autonomy.

Given Rohit's zeal for technological exploration and his ability to drive projects to fruition independently, we wholeheartedly believe he will make significant contributions to the field of data science. We enthusiastically recommend him for any future roles or challenges.

Sincerely,

Aditya Chhabra
Data Science Manager,
Kenpath Technologies Pvt. Ltd
