### CERTIFICATE

---

This is to certify that the present Project titled "*Structural, morphological, optical, dielectric study of transition bimetal oxides prepared by sol-gel combustion method*" has been the outcome of an original study carried out by Sunith R under the supervision of Assistant Prof. Reshma K towards the partial fulfilment of the requirements for the degree of M.Sc. Physics of The National College, Jayanagar, Bangalore.

This is to further certify that the work reported herein does not form a part of any other thesis/dissertation, on the basis of which a degree, diploma or a certificate has been conferred upon this or any other student in the past.

Assistant Prof. Reshma K  
Project Supervisor  
Department of Physics and Research
