

Report of One Day Workshop on “Data Analysis & Hypothesis Testing – Using SPSS Software for Research”

The department of psychology organised one day workshop on “Data Analysis & Hypothesis Testing – Using SPSS Software for Research” on 25th of May. The resource person was Prof Saptarshee Mazumdar who is expert in Statistics and SPSS. The workshop was very interesting and students learnt a lot about Hypothesis testing and using SPSS software. The workshop was conducted in two sessions, in the Morning session the students were briefed about the theoretical part of Hypothesis Testing and in the afternoon session the resource person taught the students to perform different tests used for hypothesis testing using SPSS software. Students found the session interesting and workshop was successful.
